

## Person Specification

We have an exciting opportunity to join our team at Colloide Site Services as an enthusiastic and hard-working **Handyperson**.

The successful applicant will join a team that bring specialist skills in water treatment, energy, environmental and facilities in order to provide engineering solutions, based in Limavady.

### **About the Role:**

The Handyperson will be helping the team with a variety of tasks relating to industry joinery and construction. The role will involve working independently and as part of the Assembly team to ensure all projects are completed promptly and to the expected standard of work.

### **Duties:**

- Be responsible for the construction of frames as part of the GRP Kiosk structure.
- Be responsible to manufacture and full construction of wooden housing for GRP Kiosks.
- Read and analyse building drawings and diagrams, and successfully utilise these to create and construct end-product.
- Oversee the preparation of wooden materials for spraying.
- Complete all relevant paperwork for working practices.
- Responsible for compliance with the company's Health and Safety policy procedures.
- Responsible for undertaking training or retraining associated with the post or the introduction of new working practices.
- Undertake any other duties conducive to the effective operation of the post.
- Ensure work is completed to meet the requirements of the ISO 9001 standard.
- Ensure that you treat those with whom they come into contact in a courteous and respectful manner in accordance with the Dignity at Work Procedure.

## Person Specification

### **Essential Criteria & Skills:**

- Minimum 2 years' experience in industrial Joinery/multi-trade background.
- Experience in offsite build/partitioning/mobile buildings.
- Experience with and ability to use industry standard equipment including saws and drills.
- To be able to work accurately and efficiently.

- To be able to demonstrate an aptitude for demonstrating practical skills.
- Good manual dexterity is essential.
- To be able to work independently as well as part of a team.
- Ability to demonstrate reliability.
- Excellent organisational, interpersonal and communication skills
- Fully proficient in MS Office Applications: Word, Excel, Outlook.
- Hold a full valid UK Driving License.

**Desirable Criteria:**

- Experience of working in water & wastewater industries.
- Experience of working in fabrication environments

**To Apply:**

To apply for this post or hear more about it, please contact **Diana** at [diana@colloide.com](mailto:diana@colloide.com) or by telephone on **028 867 58638** or **07542941402** between the hours of 9am-5pm.
