

## Job Specification

We have an exciting opportunity to join our team at Colloide Site Services as an enthusiastic and hard-working **Production Joiner**.

The successful applicant will join a team that bring specialist skills in water treatment, energy, environmental and facilities in order to provide engineering solutions, based in Limavady.

### **About the Role:**

The successful applicant will join our new team in Limavady and will be helping the Assembly team with a variety of tasks relating to industry joinery and construction, with a specific focus on constructing parts and cabinets for GRP Kiosks.

### **Duties:**

- Understand technical drawings and how joinery work will create the end product.
- Read basic drawings.
- Measure and mark wood according to technical designs.
- Cut wood on machines or by hand.
- Work with suppliers and sub-contractors.
- Produce cutting lists.
- Estimate the materials needed for a job/product.
- Be responsible for compliance with the company's Health and Safety policy procedures.
- Undertake any other duties conducive to the effective operation of the post.
- Responsible for undertaking training or retraining associated with the post or the introduction of new working practices.
- Ensure work is completed to meet the requirements of the ISO 9001 standard.
- Ensure that you treat those with whom they come into contact in a courteous and respectful manner in accordance with the Dignity at Work Procedure.

## Person Specification

### **Essential Criteria & Skills:**

- 2 years' experience in industry joinery.
- Experience preferred in a mechanical or engineering environment.
- Ability to work accurately and efficiently.
- Ability to read drawings.
- Ability to identify imperfections and problem solve any issues as and when they arise.
- Must be competent & able to use bench joinery tools/machines.

- Possess a quality and attention-to-detail mindset.
- Demonstrate a good understanding of working drawings.
- To be able to demonstrate an aptitude for practical skills.
- To be able to work both independently and as part of a team.
- Excellent organisational, interpersonal and communication skills
- Fully proficient in MS Office Applications: Word, Excel, Outlook.
- Hold a full valid UK Driving License.

**Desirable:**

- Previous experience working in water & wastewater industries.
- Previous experience working in fabrication environments.

**To Apply:**

To apply for this post or hear more about it, please contact **Diana** at [diana@colloide.com](mailto:diana@colloide.com) or by telephone on **028 867 58638** or **07542941402** between the hours of 9am-5pm.
